Education:

Master of Fine Arts - Rochester Institute of Technology
Bachelor of Fine Arts - Rochester Institute of Technology

Background

After graduating with a Masters Degree in Fine Art from Rochester Institute of Technology, relocated to New York City to work as an assistant to Leslie Segal, pioneering graphic designer and typographer. Segal's typographic sculptures and graphic design deeply influenced my early work and gave me a deep appreciation for typography as an art element. In the 1990's cofounded 2face a hybrid creative shop, bringing together photography, Photoshop, illustration and design. 2face created digital campaigns, photography and branding that pushed the boundaries of advertising and image development for companies such as: Adobe, MTV, Virgin Records, Ford, Sony, Nike, Mercedes-Benz, etc. I began to exhibit in galleries and competitions in 2009 and have focused efforts towards building a career as a digital fine artist and painter.
